THURSDAY, JULY 29, 1869.

From the Tarboro' Southerner.

THE SUPREME COURT AND THE LAWYERS.

As we profess to be a "sprig" of the Law, we may incur the charge of great "contempt," for a frank expression of our opinion of the "opinion" of Chief Justice Pearson recently delivered in the case of "*Ex parte" B. F. Moore, Attorney*, &c., published in another column; but at the hazard of not being "acquitted" but "excused" by paying cost," we shall, without any reserve, but with the utmost respect for the Judicial department of the government, assert the privilege of an unshackled press, to characterize the judgment of the Court as it deserves.

What really is the controversy? During the last year men, elevated to high judicial stations, actively interfered in political affairs—a thing before unknown in North Carolina. Is that true or is it false? The allegation of the Chief Justice is, that it is *false*. Mr. Moore, in his answer, alleges it to be *true*. There is then an issue of *fact* which the public must decide.

With the evidence before us we believe Mr. Moore; and upon the decision of this issue rests the case in its moral aspect. If it be *false*, then the protest was a wanton and wicked attempt to bring the Judges into disrepute. If it be true, then it was a manly effort to save the Judicial department from ignominy. Whether true or false, can any candid man doubt that, those who signed the protest honestly and conscientiously believed it to be true, and that their motive was to avert a threatned public calamity?

Without referring to a case where five of the Judges were heralded as the officers of a partisan jubilee, and which announcement never was disclaimed by them; without referring to individual cases of active participation, it is sufficient to allude to the celebrated letter of the Chief Justice himself, published in a partisan paper, eulogized as a partisan document, and forming the staple commodity of the late political canvass. And still the Chief Justice has the audacity to assert substantially, that none of the Judges interfered in political affairs. To condemn with great emphasis this one act, it is only necessary to refer to the language of Justice Reade in 1864—Alluding to Judges writing political letters, he says, "It would be a breach of propriety, for which I know no precedent in North Carolina and for which I would be severely censured."

This protest then, as alleged in Mr. Moore's answer, was signed and published under circumstances to preclude the idea that he, or any one, designed to impair the authority of the Court, but in the language of the protest, to avert the "pernicious example and repress its contagious influence."

We venture to suggest that the Chief Justice, feeling the censure so merited and just, is instigated to interpose the heel of power to silence this manly disapprobation of his conduct.

And now, we must be permitted to say, this opinion is insufferably ungracious and, if we construe it rightly, highly insulting. The argument of counsel and the authorities cited, exploded the charge of contempt. What had the Court then to do, but admit it, and discharge the rule? That we suppose would have had the appearance of instigating a proceeding for which they had usurped authority and, therefore, an attempt is made to obtain the jurisdiction at common law, and thereby become the censor of the morals of the Bar.

It will at once be seen, if this be admitted, the lawyers are the mere serfs and slaves of the Judges, and dare not condemn any individual act of a Judge, because in the language of the Court, "If you hurt the head or arm or leg or limb or member, or any part of the body, you hurt the man"—a proposition that strikes us as utterly revolting to any well defined idea of public liberty. To say of a Judge, he is publicly drunk in the streets, we suppose, would hurt "the head" of the Court, (doubtful!) and of course would be "a contempt" of the Court; although to say this, might be, aye, actually has been true. And, will it be tolerated in this land of liberty, that, uttering what is true of an individual member of the Bench, is a contempt of the Court, or such misbehaviour as to deprive a lawyer of the right to practice his profession in the Court.

We have been struck with the summary manner the opinion disposes of the "protestation" in the answer—a *second* protest not excelled by the first,—a protestation against a rule, made without proof, without affidavit, and without notice, which deprived a party from pursuing his honest avocation to obtain a livelihood. But the opinion says that the same result would have followed if there had been no order to displace him temporarily—then why not have ordered the rule, without prejudging all the facts against the respondent? But have we come to this, that our Courts have become so arbitrary, that a freemen must suspend his daily avocation and to that extent suffer punishment, without notice, proof, or trial, at the *ipse dixit* of men clothed with brief authority? We have not so learned the constitutional rights of the citizen.

But the order was made upon *prima facie* evidence to support it—says the opinion, and that evidence is "the senses of the Judges." "Our senses" told us that the newspaper containing the protest had been extensively circulated and was "then in the Court room." What did the Chief Justice mean when he said, the protest had been called to the attention of the Court *for the first time* the day before?

But Mr. Moore had not disavowed it and that was *prima facie* proof. We here enquire whether the Court could possibly communicate to Mr. Moore, what was furnished to "our senses," without saying any thing to him about it, so as to render possible a disavowal; until he was spurned from the Court like a condemned criminal. It is known that Mr. Moore was not in the Court room, even when the rule was entered. And this is called a *prima facie* case.

Let us put another *prima facie* case. The *Standard* for several numbers in September, 1868, published the programme of a Republican jubilee to be held in Raleigh, at which Judge Reade was to preside, assisted by Judges Rodman, Settle and Dick as Vice Presidents, and Judge Tourgee as Marshal, &c.

We suppose "our senses" inform us that the *Standard* is extensively circulated—*prima facie*, we presume Judges Reade, Rodman, Settle, Dick and Tourgee read the *Standard*, and they made no "disavowal" of the positions assigned to them in the partisan jubilee. Is not here a *prima facie* case, made out against them that they approved and assisted in the jubilee, when the Court rules, it is a *prima facie* case, against Mr. Moore, their senses telling them the newspaper is in the court room with the detestable protest, and Mr. Moore, entirely ignorant of the fact, makes no "disavowal."

What will be thought of the assertion: "The only allegation of fact on which the 'solemn protest' rests is that 'the Judges, singly or *en masse*, did rush into the mad contest of politics under the excitement of drums and flags.'" *Prima facie*, according to the ruling of the Court, it is true, *as there was no disavowal*; but it is not true that the protest contains no other allegation. It speaks of active and open participation in the strife of political contest in the *late exhibitions*.

But the disavowal Mr. Moore did not make, and the disavowal he did make, are both rebuked. The Court is gratified that a *sufficient* disavowal on oath is made "to meet the words of the rule," but the "bad taste" in which it is made is very distasteful to the Court. Now, we cannot but consider as grossly insulting to Mr. Moore the intimation broadly made that he had in his heart, when taking the oath, something he *dared* not to express. He avowed distinctly "that his purpose was to express his disapprobation of the conduct of individuals occupying high judicial stations"—in the language of the Court, "the head, or arm, or leg, or limb, or member"—and as the Court say, "it is simply ridicelous that you did not intend to injure the Court"—and yet such a disavowal "affords every member of the Court pleasure," although "it is so vague that the Court is unable to give to it a positive meaning."

The Court adjudged and prejudged at the time of entering the rule that the protest was "libellous," and now, after solemn argument, admits that it is no "contempt" according to statute law, but a misbehaviour, which according to the common law, they have the power to punish; and they boldly reiterate that it is a "libel." If so, the signers may be indicted therefor. We have, then, the Supreme Court pronouncing judgment in advance upon a criminal case, which may be judicially brought before them, and which they positively refused to do, when interrogated by the Legislature as to the homestead exemption.

According to this opinion, if a lawyer were to become a candidate for the Legislature and were to advocate his election upon the ground, that the Chief Justice was occasionally or habitually drunk, and therefore ought to be impeached, he would be hurting "the head," and consequently the Court; and must be disabled from appearing in Court as an attorney; for it "is simply ridiculous to injure the character of the Justices who comprise the Supreme Court, singly or *en masse*, without intention to injure the Court."

We do not hesitate to say that the assertions of power made in the opinion are as reprehensible as those in the worst days of the English Bench, and would not be tolerated now in the Queen's Bench; that the insulting manner in which the Bar have been treated deserve and, we trust, will receive an indignant rebuke from the virtuous and intelligent public mind of the State. The people may rest assured that when the Courts may, with impunity, silence the lawyers for a just and manly expression of opinion their liberties left, are not worth preserving.

Notwithstanding the infamous articles in the *Standard*, ridiculing and denouncing the legal profession, it is undeniably true that this case is more important in regard to public liberty than any that ever occurred in this State, and so estimating it, we consider it our duty thus to speak—in great sorrow and pain that any occasion should present itself to condemn the action of our highest judicial tribunal. It is unfortunately the necessary consequence of the great revolution produced by Radical rule, and which must result, if not checked, in the degradation of the Judiciary, and with this degradation all our rights of person, property and liberty will be lost.

A NOBLE INSTANCE OF GENEROSITY.—A colored man in this city some eighteen years ago bought his freedom his master, and, working hard, early and late, soon was able to buy his wife. He has been prospering since, and he now owns the finest livery and hack stand in the State.—His fortune is estimated at about $50 000. His old master, who, at the time of the evacuation of Richmond, was worth half a million, became ruined. The former slave, being apprised of the misfortunes of his old master, took him to his house and gave him everything he desired. Shortly after this the old man died. His funeral was a large and expensive one, and he was borne to a lot in the cemetery paid for by his old slave, who also paid for his funeral outlay. Over him was raised a handsome monument, paid for with the colored man's money. The widow of the deceased slave-owner lives in a house presented by the colored man, who also supplies her with every comfort.—*Richmond Journal.*

THE CONSERVATIVE STANDARD.

As we expected, the *Standard* of this morning, in attempting a reply to our article of yesterday, weaves a web of sophistry in which to enwrap itself, and seems to think it has concealed the deformities and inconsistencies of itself and its party in this State. It draws its own deductions from the article in question, and, as usual with it, is wide of the mark, and then proceeds to answer them in its own *wordy* style. For instance, it says, we gave certain extracts from a former article of the *Standard*, as the "platform," of that paper. Not true. We gave certain extracts as embodying the substance of the article alluded to; we believe its platform to be very different from the substance of these extracts; indeed, that the article from which the extracts were taken, was simply a sort of coverlog woven by the *Standard* to hide its platform. Its platform is "proscription for opinion's sake; League organization to keep the party in power; extravagant appropriation and profligate expenditure of the people's money; in short, to run the government for the exclusive benefit of a few bond-holders and government officials.

But the writer says the *Standard* does not claim assimilation with the Walker Conservatives of Virginia, on the contrary, it is the Walker party which claims to belong to the *Standard's* party. "This bean is not like that bean; it is that bean which is like this bean." We never heard nor read of any body in Virginia, nor of any newspaper there, claiming to have come over to the "*Standard's party*," but, as we have seen, the *Standard* has been indefatigable in its efforts to show, *since the election*, that it and its party are exactly like the party in Virginia that triumphed over the organized league ignorance, in the election of Walker. If the *Standard* is really so liberal; so conservative; so anti-proscriptive; so opposed to secret political organizations, and so much in favor of general amnesty, why don't it show the facts from its columns? Don't continue to support a fact by bare assertion only, when printed proof can be so easily produced, if indeed it exists. When did the *Standard* write or print a word against negro leagues? When did it utter a remonstrance against the action of the Legislature, when it voted down proposition after proposition in favor of general amnesty? Did it not rather applaud and defend the action of its party in the Legislature on this subject? When or where did it ever utter one word of encouragement to the Conservatives of Virginia while they were battling against "organized ignorance" for the success of a mild policy? Or when did it rebuke the "Wells faction" of "extremists" for their proscriptive doctrines, before the election? What Convention or public meeting of its party in this State, ever breathed a resolution in favor of general amnesty, coupled with its hobby of universal suffrage? The *Standard* might avoid a good deal of useless sophistry and verbiage by a simple reference to the day and date, when in its columns, it has said anything to justify its present claims and asseverations.

We distinctly charge the Republican party of North Carolina, of which Governor Holden is the head and the *Standard* the organ, with being *opposed* to general amnesty, and cite as proof, that neither the leaders of the party, their Conventions, their Legislature or their organ, the *Standard*, has advocated general amnesty, or the removal of the political disability of any man in the State, except those of their own party; but that, on the contrary, the Legislature voted down every proposition introduced in favor of such removal, and the *Standard* justified the action.

We distinctly charge the *Standard* and its party with being in favor of, and fostering secret political associations, known as the Union Leagues, in which are taught doctrines at war with the genius of Republican institutions, and calculated to hamper and defeat the benefits of the elective franchise; in proof of which we cite the fact that Gov. Holden was, until recently, President of the Leagues in this State, and is yet a member as is also, Gen. Littlefield, the owner of the *Standard* and that many of the State officers and leaders of the party are now officers and members of the Leagues.

We distinctly charge the *Standard's* party with official corruption and extravagance, and, as proof, refer to the Chatham Railroad affair, the penitentiary swindle, the log rolling railroad appropriations, the ruinous sale of Railroad and State bonds, by which it is more than suspected many State officials and "Ring" men have been pecuniarly, benefited; and to the thousand minor peculations that are being daily committed by official members of the party, in nearly every department.

When the *Standard* shall, in a straight forward manner, answer these few allegations, hastily thrown together from memory, we will have a few more prepared for it, compiled from record. In the mean time we hope its peculiar instinct in smelling out "protesting lawyers" may avail it in bringing up from "the archives of gravity," some facts pertinent to the issue, and that it will not base its arguments on bare assertions, as has been the case up to the present.

THE UNIVERSITY.

A friend suggests that we should have a department of agriculture at the University, under the direction of a Professor specially chosen, whose jurisdiction should embrace the entire domain of agriculture in North Carolina.

There may be something in it. At all events, there is nothing wrong, and no harm can come of any project set on foot with a view of diffusing agronomic knowledge among a people who live wholly by agriculture. It would certainly exert a favorable influence on the agricultural progress of the parts down about Chapel Hill. We understand several agricultural boys from the vicinity of White Cross, after hearing from President Pool on the subject, expected to become collegians, by attaching themselves to the University. They will leave home on Monday morning with rations sufficient to last until Friday night, when they will again return home for agricultural pursuits on Saturday. We have no disposition to speak lightly of the boy who, under such disadvantages, seeks the light of knowledge to be found at the University. We mention it only to show the chances of success for the University under its present auspices.

A new Professorship will create additional expense. We named the man who would be Attorney General after Coleman resigned; We said it would be the Governor's son-in-law, and so it was, and so it is. If a professor's chair of Agriculture is created at the University, we say the Governor's brother-in-law, Arch. Parker, will fill it, and he has more capacity for the place than his son-in law has for his place. Arch, as they call him in Orange, is sober, industrious, and his life has been devoted to agriculture.

If the Professorship is to be created, why not make one of the Professors now at the University fill the Chair? Tourgee fills two, Judge and Code Commissioner; Judge Rodman fills two, Judge and Code Commissioner; the Governor fills two, Governor and Grand President of the League; his son Joe did hold two, Director on the Chapel Hill and the Eastern and Western Railroads; Billy Henderson being acquitted of the mule holds three.

Looking at the matter with an eye to strict economy in the expenditure of public money, we say create no new office at the University. We are told that one of the idle Professors now there for want of boys to teach, exhibits great fondness for horticulture, and actually works his garden barefooted and in his shirt-tail! So much zeal for horticulture, can certainly be turned to account in agriculture.

GEN. PHIL. HAWKINS.

Gen. Phil. writes from Tarboro', to a gentleman of Wake: "I saw my friend James Harris, (colored,) he promised to do all in his power for me. Our friend Jos. Holden told me it was necessary to have another registration of voters in Franklin; please attend to it, &c. I learn from a friend, just from Raleigh, that our friend Dick Badger is very prominent for the nomination for the Senate, should friend Jones resign; I am for him, if nominated.—I am glad to hear his prospects are so good with our party, he ought to come along with us."

This will be news to Mr. Badger and his friends. We wonder Gen. Phil. should be so credulous as to give credit to the rumors which are often raised to blacken men's characters.

In the first place Gen. Willie D. Jones has no idea of resigning seven dollars a day for all next winter. Such a thing would distress him as much as his capture at Roanoke Island. Gen. Jones, like General Taylor, never "surrenders" or resigns. Nor can our friend Badger be found in Gen. Jone's old shoes.

It should not be forgotten that Gen. Phil. is the candidate of Gov. Holden, Gen. Littlefield and the Ring. If the Conservatives and Democrats of Wake will turn out to the election, the friends of Mr. Perry say that Franklin will give him a majority sufficient to beat Phil. and the ring.

OFFICIAL RASCALITY IN FLORIDA.—It is openly stated in Florida that one General Littlefield, (well known in Charleston,) late of the Federal army, is the party who mutilated the Railroad Bill, or caused it to be done. The same individual is said to have been presented by a North Carolina grand jury for perjury. It is hoped all such men will find their way in due time to the penitentiary, where they properly belong.

We copy the above from the Charleston *Courier*, not because it is new, but to show that the constant abuse of Littlefield's paper of our best men is nothing more than what might be expected from such a source. For this man to charge corruption on the Democratic party, or to accuse Governor Graham of proscription or narrow mindness is in keeping with his character. Now when these apparently fair and plausible articles are published in the *Standard*, let the reader remember that Littlefield is its owner and that these articles are written to subserve some purpose that will be beneficial to his individual interest. Littlefield is the owner of the *Standard*, and as it is capable of proof that he is a corrupt man, his paper must be corrupt too, for "a corrupt tree cannot bring forth good fruit." Then when all these fair words are read in the *Standard*, let it be remembered who owns the paper, and for whose benefit they are written.—*Charlotte Times.*

THE Charleston *Courier* is mistaken, Gen. Littlefield, was not presented for perjury, but, for attempting to bribe and corrupt members of the Legislature with money and whiskey.

The *Courier* must have been thinking of the presentment of Mr. Starbuck, the United States District Attorney.

CHATHAM EDUCATIONAL ASSOCIATION.

PITTSBORO', N. C., July 22, 1869.

The Association convened in the Pittsboro' Scientific Academy, at 11 o'clock, A. M., and was called to order by the President, after which prayer was offered by Rev. A. J. Emerson, of Mt. Vernon Male and Female School, invoking Divine Blessing upon the labors of the Association.

On motion of Prof. York, the Constitution and By Laws were read by the Secretary.

The following persons were proposed and received, as members, Messrs. W. J. Palmer, S. S Ashley and E. B. Thomas, of Wake; Samuel Jackson, of Randolph; A. J. Faucette, of Alamance; W. J. Raspberry, of Greene, and Rev. A. J. Emerson, R. S. Andrews, R. P. Alston, Samuel Brooks, E. H. Straughan, J. L. Cowan, H. C. Jackson and J. A. Alston, of Chatham.

The President read an address, setting forth in a most favorable light the condition and prospects of the Association, and his official transactions connected therewith, which address was, on motion, referred to a Committee, consisting of Messrs. Manning, Andrews, Straughan, J. L. Cowan and Faucette, to report such action as they deemed proper.

On motion the introductory address of Mr. Palmer was made the special order for 4 o'clock, this afternoon, and the address of Mr. Denson for 11 o'clock, A. M., to-morrow.

On motion, it was *Resolved*, That a Committee of three be appointed to report the unfinished business proper to come before the Association.

On this Committee were appointed Messrs Rencher, Alston and Thomas, who made a partial report, informing the Association that there was a vacancy in the office of 4th Vice President, and recommending an election to fill such vacancy.

The report was concurred in and Mr. R. S. Andrews, of Mt. Vernon, was elected.

On motion of Mr. Manning it was,

Resolved, That the Rev. S. S. Ashley, Superintendent of Public Instruction of the State of North Carolina, be requested to give a statement of the condition and prospects of the free school system of the State and the method proposed to improve it at such time as may suit his convenience.

Mr. Ashley acknowledging his willingness to comply with the wishes of the Association at any hour, it was made the special order for 8 o'clock, P. M.

On motion, the Association then adjourned until 3 o'clock, P. M.

AFTERNOON SESSION.

The Association met pursuant to adjournment, and was called to order by the President.

The proceedings of the morning session were read and approved.

The Committee on Text Books made a report which was received and the suggestions made therein were concurred in.

Messrs. R. N. Green and P. S. Winslow, of Chatham, and Prof. J. A. Martling, of the University, were admitted as members of the Association.

Mr. Denson reported that the Committee appointed to visit the Normal School, near High Point, had been unable to comply with the wishes of the Association, and, on motion, the Committee was discharged.

On motion of Mr. Rencher the resolution, under which the Committee on Text Books was appointed, was so amended as to read:

Resolved, That a Committee of five be appointed to examine school books in use, with a view to adopt a uniform system of school books.

A resolution was introduced by Mr. Waddell in regard to appointing separate Committees on the different Text Books, which was referred to the above Committee.

Mr. Waddell read the report of the Committee on School Statistics, which was, on motion, laid upon the table.

The President introduced Mr. Willie J. Palmer, of Raleigh, to the Association, who delivered an address equally instructive as entertaining.

Mr. Palmer first alluded to the important position which the youth of the present generation occupied, and urged the necessity of proper moral training in order that they might be fitted to become good and useful citizens. He urged the necessity of education in an economical point of view as tending to lessen the amount of crime and pauperism. He gave a full statement of the present condition of education in North Carolina, also a brief analysis of the present school law, urged the necessity of forming County Educational Associations to awaken enthusiasm among the people, &c. In conclusion, he paid an appropriate tribute to the distinguished men who had been natives of Chatham in the past, and urged the citizens to properly educate and train the present generation so that they might sustain the honor of the county.

At the conclusion of the address the Association adjourned to 7½ o'clock, P. M.

EVENING SESSION.

The Association assembled according to adjournment. Minutes of the afternoon session read and approved.

The President introduced to the Association the Rev. S. S. Ashley, who gave a highly interesting statement of the prospects of the public school system of the State soon to be inaugurated. He showed that the right of the people to be edcated was affirmed by the Bill of Rights; that the duty of the State to secure the people in this right was also decreed by the Bill of Rights and made imperative by the Constitution. Provision for the discharge of this obligation was made by law; that in providing a system of public instruction the State government is and can be only the *Agent* of the people; that upon the people therefore rests the responsibility of establishing and maintaining a system of public instruction. This provision must be made by *taxation*, the school fund being inadequate, and the existence of a large school fund was of doubtful utility, in proof of which examples from other States were cited. He urged that taxation for this purpose should not be regarded as oppressively burdensome, though it may be heavy and difficult to meet, still it is necessary and profitable; that an efficient system of public instruction was a necessary internal improvement, being an incentive to immigration, while the want of it would repel it; that whatever stimulates immigration will render taxation easy; that every material and moral interest of the State depended upon the establishment and maintenance of a good public school system for the State, and that it was much cheaper to build schools and colleges, than jails and poor-houses, much cheaper to the State to have the youth intelligent and virtuous, than degraded and vicious.

The Rev. A. J. Emerson was then called upon to address the Association, which he did in a most happy manner, illustrating his forcible arguments most eloquently and logically.

The report of the Committee on calling a State Association was read and the following resolutions recommended therein adopted:

Resolved, That a Committee of Arrangements of five be appointed by the President, to which the President shall be added as Chairman ex officio, to select the time and place for the assembling of a Convention of the teachers and other friends of education throughout North Carolina, to organize a permanent State Educational Association, with full power for such Committee to select speakers and essayists to address said Convention.

Upon this Committee were appointed Messrs John Manning, W. J. Palmer, Henry A. London, Jr., S. S. Ashley and C. B. Denson.

An adjournment was then taken until 10 o'clock to-morrow.

MORNING SESSION.

July 23, 1869.

The Association convened pursuant to adjournment, and proceedings of last meeting were read and approved.

Rev. Wm. H. Bobbitt, of Orange, and R. J. Powell, of Chatham, were admitted as members.

Mr. H. A. London, Jr., in behalf of the Committee on State Association, stated that the Committee, upon consultation, had thought it best to meet in Raleigh on the 3rd of August, when the time and place for the assembling of the State Association would be selected, and notice thereof given through the public press, and that in the meantime, the Committee would be pleased to consult the teachers throughout the State as to what time and place would be most convenient.

Mr. Isham Cox made an interesting statement as to the operations of the Normal school near High Point; and, on motion, the following gentlemen were appointed a Committee to visit said school and report to the next meeting: Messrs. Ashley, Denson, Emerson, Martling and Winslow. The report of the Committee on the President's address was read and received; and upon a suggestion therein, it was

Resolved, That the Executive Committee, should at once procure a suitable place for the deposit and safe keeping of the books, pamphlets, periodicals and journals, which may be received by this Association; so that they may be at all times accessible to the members thereof; it was also

Resolved, That a Committee on Constitution and By-Laws be appointed, whose duty it shall be to report such alterations and amendments as they may, upon examination, find necessary, and that all propositions to amend be submitted to the Committee.

Upon this Committee were appointed, Messrs. Manning, Sutton, Denson, Raspberry and London.

The Treasurer made his report, showing the finances of the Association to be in a healthy condition. And on motion of Professor Brantly York, the Association agreed to hold its next regular meeting at the Ruffin Badger Institute at Morningsville.

An invitation was extended to the members of this Convention to attend the National Teachers' Association to be held at Trenton, N. J., on the 16th of August, and it was stated that the Railroads would pass delegates for one fare. On motion, it was

Resolved, That the Secretary of this Association be authorized to furnish the proper credentials to any member wishing to attend said Convention.

The hour arriving for which Mr. Denson's address had been made the special order, the President introduced to the Association Mr. C. B. Denson, who for an hour and a half entertained the Association with an address most beautifully written, eloquently delivered, and learnedly conceived. He showed the value of the study of Natural Science in educational systems, reviewed the ancient antagonism of that, and philosophy, our ignorance of the condition of the mechanic arts, the rise of modern science among the Arabs—spirit of successive centuries. He gave a graphic picture of college life three hundred years ago; the dead languages then all in all, and showed the effects of that training. He referred to the report of the Commission of Parliament in favor of modifying English course of education, and to the recent advance in the different departments of science. He showed the progress of improvement in our scholastic institutions, new era of cosmopolitan life, and international enterprises—that scientific minds, were the true representatives of the age. Urged the need of remodeling our own systems of instruction, to meet the practical demands of the hour, that there was no reason for despair, but abundant ground for hope in the future. He said that scientific instruction, without early preparation in school, was a mere mockery in College, that object teaching in primary schools must be used, and apparatus with experimental demonstrations in the Academy.

Upon the conclusion of the address, it was

Resolved, That Messrs. Palmer and Denson be requested by the Secretary of the Association to furnish him with copies of their addresses for publication.

On motion of Mr. Manning it was

Resolved, That our thanks are hereby tendered to the officers of this Association, and to the speakers, for the satisfactory manner in which they have discharged their duties.

Mr. Palmer moved a resolution of thanks to the citizens of Pittsboro' for their hospitality and kindness, which was seconded by Mr. Ashley, who said that he was happy in being able to inform the Board of Education that they might feel assured of having the hearty and cordial co-operation of the members of this Association, and that he appreciated the kindness with which he had been received.

On motion, the Association then adjourned to meet at Morrisville, at such time as the Executive Committee may direct.

TOWNSHIP MEETING.

At a meeting of the citizens of the vicinity of Coleraine, Bertie county, N. C., on Saturday, July 24th, 1869, for the purpose of nominating candidates for the officers of Coleraine Township: D. A. Watford was called to the Chair. Col. Spruill delivered to the audience an eloquent address, admonishing colored as were the white people to denounce party proclivities and desire an unprejudiced and impartial Court where fellow-freemen are to litigate. He proved how much more desirable are harmony and agreement in such an election, than dissension and contest. He pictured the frightful results consequent upon rivalry and opposition, advocated the more preferable administration of able and competent officers, and deprecated the dishonest tribunals of an ignorant, partial and political Court.

A Committee of some of the best citizens of the vicinity was chosen, who retired a few minutes; on returning, announced W. P. Show and Dr. J. W. Sessums, for Magistrates; P. H. Sessums, for Clerk; H. S. Hobbs, for Constable, and T. Beasly; W. J. Freeman and K. White, for Free School Committee.

Mr W. P. Show addressed the crowd in very brief, yet very appropriate and concise language. Upon motion the meeting adjourned.

ANOTHER ITEM FOR TOBACCO DEALERS.—Commissioner Shields, of New York, decided on Monday, in the case of a tobacco dealer in that city who is charged with violating the seventy sixth section of the revenue law, that a dealer was personally liable to criminal prosecution if he omitted to keep a daily record of his sales and purchases through the negligence of his clerk

NEGRO MOB IN CHARLESTON—DEMOCRATIC NEGROES ASSAILED—TROOPS CALLED OUT.

CHARLESTON, S. C., July 27.

A negro mob, which at one time threatened very serious consequences, occurred last night on the occasion of the departure for home of the Savannah Base Ball Club, which had been on a visit here. The Club was accompanied by a colored brass band from Savannah, the members of which were said to be Democrats.

As the Club was leaving in procession for the Savannah boat they were attacked by a mob of several hundred negroes, with a shower of stones, sticks, and brickbats. Several shots were fired on both sides.

Mayor Pillsbury was on the ground, but said he was powerless to quell the riot, and called on Major Ogleaby for the assistance of United States troops. The Club was then escorted to the boat between platoons of the Eighth United States Infantry, followed by a large crowd of infuriated and yelling negroes throwing stones, compelling the soldiers at intervals to face about and threaten to fire. Several were wounded—mostly members of the colored band. The affair causes intense indignation among the whites.

A QUESTION IN A NUTSHELL.—Shall Virginia and the other unreconstructed States be accepted with the fulfillment of the conditions of Congress, including the fifteenth amendment, or shall those States still be kept out in the cold by an intolerant radical faction because certain elections do not please them, thus hazarding the fifteenth amendment? In other words, it is impartial suffrage or only party ascendancy in the South that is wanted by this insolent radical faction? This question calls for a settlement from Gen. Grant. Delay upon it is full of mischief to his administration.—*N. Y. Herald.*

SERIOUSLY ILL.—We regret to learn that the venerable Bishop Early is lying quite ill at his home in this city. Prayers for his recovery were offered in the Methodist churches Sunday.—*Lynchburg Republican.*

In this City, this afternoon, at 5 o'clock, at the residence of the bride's mother, by Rev. J. M. Atkinson, Miss HANNAH WHITING and Mr. S. W. BURGIS, of Buncombe County.

Obituary.

Died, in Beaufort, Carteret County, on Sunday evening, July 25th, 1869, BENJAMIN L. PERRY, Esq., in the 58th year of his age, leaving a large family and many friends to lament his death.

The health of our deceased friend had been failing more than a year before his death—his system gradually assuming the form of dropsy of the chest—but recently a stroke of paralysis rapidly hastened his end. He was a highly esteemed and useful citizen, and we feel deeply sensible that, in his death, besides the great affliction his family have suffered, his friends and the community have sustained a serious loss. He was one of those faithful friends whose counsel, guided by an excellent judgment, was always sought in seasons of trial and difficulty, and was always freely given. He was a faithful servant of the County, devoted to its interests, and rendering services, at various times, in almost every department of its government. In no position did he render more valuable services than in that of Chairman (the last one) of the late County Court of this County,—a tribunal which has passed away, but which will long live, like its best presiding officer, in the bright memories of the past. Here, where he presided many years, his only aim was justice; and having a good judgment and a calm and collected spirit, he allowed no sophistry, no conflict of opposing interests, passion or prejudice, to cloud his vision or sway him for a moment against his sense of duty.

To the Methodist Episcopal Church, of which he was a useful member nearly forty years, he was sincerely attached, and was ever ready to aid in any enterprise calculated to promote its welfare.

He has gone to rest. And although nothing we can say can reach "the dull, cold ear of death," we could not permit our friend to pass from among us forever, without this small tribute to his memory—the only tribute the hand of friendship now can offer. R.

Beaufort, N. C., July 27, 1869.

Died, at Catawba Springs, Catawba County, N. C., on the 25th inst., JOHN R. GREEN, of Durham, Orange County, N. C.

The deceased had been in a low state of health for some time, and had repaired to the above named springs in the vain hope that he might return to his family and friends with his health restored. But alas! all in vain. He bore his afflictions with great fortitude. He leaves a kind, loving wife, with four children, besides many relatives and friends, to mourn their irreparable loss. But it is hoped their loss is his eternal gain. L. M. Y.

Raleigh, July 28 1869.

[COMMUNICATED.]

Departed this life, on the 21st of July, W. H. FUTREY, in the 29th year of his age.

His life was taken from him by a cruel, cruel man,
But at the judgment bar of God both will together stand.
His kind and gentle voice
Has died upon the gale,
And he who was our choice
Is now cold and pale.
The pang was ours to part,
Yet the tomb may shield his head,
But he lives within our hearts,
Our loved, lamented dead.

The expenses of the Academic or Law Student, exclusive of the cost of Text-Books and clothing and pocket money, amount to about $165 per session of nine months; and of the Engineering or Medical student to about $205, of which sums, respectively, $120 or $150 is payable on admission, and the balance in the progress of the session.

MISCELLANEOUS.

Valuable Property for Sale in Raleigh and Wake County.

PURSUANT to a decree of the Court of Equity for this County, I, as Commissioner, will sell at the Court House, to the highest bidder, all of the Real Estate of the late Sarah Stronach, dec'd, to wit:

One House and Lot, in the City of Raleigh, containing two acres, more or less; said house in fair condition, has six rooms and good basement. On the Lot there is a very fine Well of Water and all necessary out-houses. The fences are nearly all of new and sound timber, and the soil in fine condition. There are quite a number of Shade and Fruit Trees on the premises. Also a Lot containing three-fourths of an acre, more or less, near the above mentioned one. Both Lots are on Hargett street, just beyond the city Cemetery, and on the direct road to the "State Fair Grounds." Also a Tract of Land about five miles from the City, which is very well timbered, and adjoins the lands of W. E. Pierce and others.

This property will be sold on the 28th day of August A. D. 1869.

Terms made known on day of sale.

BUFFALO SPRINGS.

THIS ANCIENT AND TIME HONORED watering place is situated in the upper end of Mecklenburg county, Va., about seven miles west of Clarksville, and in about fifteen miles of Scottsburg Depot, on the Richmond and Danville Railroad, where a stage will meet the train daily, and convey passengers to the Springs.

The water of this Spring gushes out of the crevice of a rock at the foot of a gradually sloping hill, and is thrown up at a rate of about forty-five gallons per hour. On its way to the neighboring brook into which it empties, it tinges the mud of a dark bluish color, emitting to strangers a rather offensive, sulphurous odor. The water is perfectly limpid and pure, and has a slightly brackish taste mingled with the flavor and odor of sulphureted hydrogen gas, which enters largely into its composition, as the following analysis will show:

In a wine gallon, gaseous contents: sulphureted hydrogen gas, 0.5080 grs., or 1.2 cubic inches. Solid contents: sulphate of magnesia, 8 grs; sulphate of lime, 3.5 grs; sulphate of protoxide of iron, 2.6 grs; chloride of sodium, a trace; chloride of magnesium, a trace; sulphate of soda, 1.3 grs; total weight of gaseous and solid contents, 15.4080 grs; temperature 60 degrees Fahrenheit; specific gravity, 1.058.

The medicinal properties of this water have been a matter of notoriety for nearly a century. In diseases of the liver, stomach, urinary organs, female complaints, dropsy, general debility, &c., &c., this water is second to no other in the State; and were it situated among the watering places in Virginia, surrounded by the sublime scenery of that portion of the State, the famous Greenbrier White Sulphur would find in old Buffalo no meanrival.

The rates of Board are $2 50 per day, $12,50 per week, $40 per month. Children, under ten years of age and colored servants, half price. These prices are as low as good board can be furnished, *and I intend to give good board.*

From the numerous letters I have received and the engagements of board already made, I expect the fullest season I have had since the war. I pledge myself to the public (who may favor me with their patronage) to leave nothing undone for their comfort which I can do.

Your ob't servant,

FINE SMOKING TOBACCO.—We are indebted to Mr. A. D. Royster for some of his smoking tobacco, put up in bags, "according to law." The samples are "The Pride of Durham" brand, which is too well known for its mild and aromatic qualities, to need much of a puff at our hands. We have become so accustomed to the use of this fine smoking tobacco, that it would discomboberate us considerably to be without it, and, therefore, we return thanks to friend Royster for the sample sent us. He keeps it in various sized packages for the use of his customers.

THE MOST WONDERFUL BOOK OF THE AGE.—A book of 70 pages, published, by Rev. James A. Clements, of Selma, Ala., showing that the prophecies of Daniel. XI, 5-45, have been and are now being fulfilled in events transpiring in this country. Even if the the writer is mistaken in the ground he takes, he has made a very readable, original, and plausible book, and one that is recommended very highly. It may be had by addressing Clements and Powell, Key box, 306, Montgomery, Alabama.

A CAPITOL MYSTERY.—A strange and unusual noise was heard in the Capitol, last night, about 10 o'clock, which was heard for some distance off, and is described by those who heard it, as if a crate of crockery ware or wagon load of stoves had fallen from the dome to the lower floor. Friday Jones can't account for it, nor can any other of the habitues of the stone building, as nothing has been found amiss in any of the Halls or Chambers.

The only solution of the mystery that we have heard attempted, and which, of course, we are bound to discard as purely whimsical, is, that Pilgrim Ashley is introducing New England witchcraft into the Educational department, and that some of the cauldrons accidentally turned over.—Whatever the cause, the incident created some little excitement, and the mystery remains yet unexplained.

"A SUBSCRIBER."—In answer to your inquiry, we state that Justices of Townships do not have to give bonds. Our recollection of the law is that the Constables alone are required to give bond.

One of the New Haven clergy recently received a letter desiring him to prepare a lecture on Temperance for the writer, "for," said he, "I am an excellent extemporaneous speaker, if I had my lecture written for me." This must have been the same individual who said he had a few impromptu remarks to make, which he had written out, in his pocket.

The above, which we clip from an exchange, reminds us of a scene in our State Capitol, last winter, at the meeting of the Electoral College. General Brogden, of Wayne, was elected President of the College; whereupon he arose and thanked the members for the "very *unexpected* honor conferred upon him," pulled about fifty fool's cap pages of manuscript from his pocket, and proceeded to read off a regular spread-eagle speech on the occasion.

JAPAN CLOVER.—We saw, at the Store of Messrs. Wm. H. Jones & Co., on Tuesday, a sprig of the Japan clover, (*Lespedeza Striata,*) sent in an envelope by Dr. Mott, whose name in connection with the introduction of this clover into our State has become familiar to most of our readers. It is trifoliate, and though not much resembling the other species of clover growing in this region, is evidently a distant relation of the clover family. The leaves are small and scattering, the flowers small and of a yellowish color, and the plant, if the bunch we saw be a fair sample, does not grow to a height of more than five or six inches.

There is a wild growth, common to the Eastern and Middle parts of North Carolina, very much resembling this new plant, but differing from it in some respects; we have heard it called "sheep's clover." Cattle eat it with avidity, and we are not sure but it is another member of the clover family, with, perhaps, nearly as much claim to public favor as the much talked of *Lespedeza Striata.*

THE HABEAS CORPUS CASE.—Judge Watts seems to be a most obliging functionary, ready to go anywhere to attend to the little judicial jobs of his friends, whether to Weldon to help the notorious Everett to a chance to run away from the Ku Klux, to Salisbury to issue injunctions against Cobe, or to Raleigh to get Walker and Bell out of limbo, where the Mayor had put them for bayoneting Putney and Moss, of which the former died in a few hours.

The evidence before the Mayor at the examination, was direct and positive, that Walker was seen to stab Putney with the bayonet, from which his death ensued. On this evidence the Mayor committed Walker to jail without bail. We have taken some pains to ascertain whether any new light was thrown on the matter, at the hasty *habeas corpus* trial before Judge Watts, on Monday night, and cannot ascertain that any additional witnesses were called, or that even those who were before the Mayor in the case, were present at this trial. Yet His Honor admitted the accused to bail in the sum of $500 to and answer (what?) at the next term of the Superior Court.

We do not pretend to be much of a judge of law as it exists under the present anomalous condition of affairs in this State, but we never knew any one accused of murder, under as strong testimony as that given in this case, admitted to bail, especially in so small a sum as $500.

WIDE SPREAD USEFULNESS.—The relief of the wants of the deserving poor, and especially of widows and orphans, whose natural provider has been lost to them, is a subject which has been forced upon the attention of communities and individuals through all history, and many plans of systematic relief have been discussed.—Great good has been done by the aid thus given to those unable to help themselves; but, after all, charity is not the best way in which such help can be secured. To accept of alms involves, in some degree, a loss of self-respect and independence. What is wanted is some system by which, at small gradual cost, every laboring man may make sure of leaving to his family, when death takes him away, a sum sufficient to keep the wolf from the door. Such a plan is offered to the public in the advertisement of the National Life Insurance Company in another column. The general features of the management of this Company are there noted, and the local agents will cheerfully give any further information as to the peculiar advantages offered. The "National Life" was chartered by Congress less than one year ago; it began business in August last, having then to establish its entire system of agencies, and to distribute information among the people as to its character and purposes. Both of these things have been done; the entire country and the Canadian Dominion are now covered by its general and sub agencies, and liberal advertising has made the name of the Company familiar throughout the land.—The result has surprised even its incorporators and officers. In ten months nearly 5,400 policies, covering over $15,000,000 insurance have been issued, this amount of business being nearly double that ever done by any other Company in the world during the entire first year of its existence. Such an unprecedented success should not only inspire unusual confidence in the organization so emphatically endorsed, but be the subject of general congratulation that the new Company has been able to do so much for the future comfort of the families insured. Every family thus protected from want is a proportionate diminution of future taxation, temptation and crime.

Low cash rates, and a plain business contract of so much insurance for so much money (avoiding all uncertainties of notes or dividends) are prominent features of the plan pursued by the National Life. Its capital is ample, its Officers and Directors men of unquestioned honor and ability, and its system of business is straightforward and business like. It deserves its success, and it has already taken front rank among institutions of its kind.

See advertisement of P. F. Pescud, the succesful and very popular General Agent, for N. C., in another column.

From the Norfolk Daily Journal, July 13, 1869

NEW BUT RELIABLE.—A new remedy for purifying the blood and restoring the liver and kidneys to healthy action, and invigorating the nervous system, has recently been prepared and is now offered for sale to the public by Dr. J. J. LAWRENCE, of this city, under the name of KOSKOO.

The gentleman by whom this medicine is prepared is not a quack, but a gentleman of well-known integrity in Norfolk, a man of scientific attainments, and a succes ful practitioner of medicine, and who has gained a national reputation as discoverer of the celebrated remedy—Rosadalis.

This new medicine, Koskoo, bids fair to outstrip in popularity the former preparations of Dr. Lawrence, and become not only a State but a National medicine.

On Saturday last, and for many days past, the sale in the Norfolk office has amounted to hundreds of bottles, and the demand is still for Koskoo, the greatest remedy of modern times.

We wish Dr. Lawrence abundant success in the sale of his health restoring medicines, and feel that in so doing we direct the attention of the public to a gentleman whose merits deserve a liberal and generous patronage.

In prosecuting some earth works connected with the Hanau Railway the workers have found, about half a league to the east of the Frankfort station, some Roman graves, containing highly adorned dishes of *terra sigillata.* One small copper coin was also discovered, supposed to date from the time of Julius Cæsar. As no relics of the ancient Romans have ever been found in the immediate vicinity of Frankfort, though a great number of horse shoes, tombstones, and other objects have been discovered at Rodelheim, a league to the west of the city, there is reason to believe the conjecture well founded that, in the time of the Romans, the high road from Mayence to the Taunus fortresses on the Nidda turned off in a northerly direction to avoid the marshy plain in which Frankfort is situated.

THE FLORIDA INJUNCTION.

Many of our readers are acquainted with more than one of the parties alluded to in the following; and as it is somewhat analogous to transactions that have taken place in our own State, we give it as a part of the history of the times:

Circuit Court of the Second Judicial Circuit of Florida, for Leon County—In Chancery:

George W. Scott and Joseph John Williams, Complainants, vs. Harrison Reed, Governor, and S. B. Conover, Treasurer, of the State of Florida, and George W. Swepson, Milton S. Littlefield, John P. Hunt, Defendants.—Bill to enjoin the issue of Florida State Bonds under a pretended act of the Legislature of Florida, entitled "An Act to Perfect the Public Works of the State."

It appearing by affidavit filed in this case, that George W. Swepson, Milton S. Littlefield, John P. Sanderson, J. L. Requa and William H. Hunt, reside out of the Second Judicial District of Florida, that is to say, that the said Swepson and Littlefield reside out of said State, but within the United States, and that said Sanderson, Requa and Hunt reside out of said Circuit but within said State: *It is ordered,* That said Defendants and every one of them who are non-residents of said Judicial Circuit, do appear and answer to the bill herein filed, to-wit: the said Sanderson, Requa and Hunt within two months, and the said Swepson and Littlefield within four months, from the time of the first publication of this order, otherwise the Complainants' bill shall be taken *pro confesso* against the Defendants not appearing and answering as aforesaid; and that a copy of this order be published in the *Weekly Floridian,* a newspaper printed and published in Tallahassee, once a week for four months.

FROM TEXAS—INCIDENTS OF THE GREAT FLOOD.

The Austin papers contain the following:

A negro passed down the river during the freshet on a log. The last seen of him he was four miles below Austin, waving his hands.

At Webberville, the destruction is wide spread and complete. Most of the residents were in moderate circumstances; and all they had was in a few short hours swept away from them. As a general thing they saved little else than what they had on while escaping. Furniture, clothing, provisions, cows that furnished milk, and every species of movable property was destroyed. They were engaged in trying to make available what little was left in the houses in a damaged condition. In the large prairie there is not a rail left, fences are gone.

The flood on the prairie left the corn tops visible in most places, though in spots were out of sight. At the timber below the town a large mass of debris is to be seen.—Lodged against the timber is a vast collections of ratts, drift wood, houses, dead cattle, and every other conceivable thing that can usually be found in the river bottoms. Rumors of people floating down stream on drift wood are rife. A dead negro man was found on Friday. The water was all over the Gilleland's prairie, between Rickett's and the creek. Decker's branch was a large creek. Hornsby's prairie was under water. This was covered by farms.

At Austin City the bed of the river, from the mouth of Barton creek to Shoal, has entirely changed. The old bed has filled up, and the new channel runs where the old sand bar was. The island above the mouth of Shoal creek is now part of the main land. Whether there is any ford opposite the town is uncertain. The face of the river valley looks much changed. There is little to remind one of the old appearance.

A WONDERFUL SURGICAL OPERATION.

From the Chicago Times, July 23

Probably the most notable surgical operation of the present century has lately been performed in this city, by Dr. G. D. Beebe.

The facts, as communicated by Dr. J. B. Childs, the husband of the patient are that his wife had for some years suffered occasional inconvenience from a rupture, that while on a visit to this city from his residence at Lee Center, Ill., this rupture became strangulated and through want of skill on the part of the physician first called the intestines were allowed to mortify. Dr. L. Dodge, who afterward saw the case, detected the true condition of the patient, and requested that a surgeon be sent for, and Dr. Beebe was accordingly summoned. It was decided upon examination that the only hope for the unfortunate woman lay in removing the portion of the intestine that had undergone decomposition. Dr. Beebe proceeded at once to perform this difficult and dangerous operation, and assisted by Drs. Dodge, Mitchell and A. G. Beebe, he removed four feet six inches of intestines from the patient's body, which may now be seen preserved in alcohol in the Doctor's office.

Thirteen days have since elapsed, and astoundingly as it may seem, the good woman is able to be about the house, and is nearly well.

Common steel may, it is claimed, be endowed with the properties of the finest cast metal, and when burned, be brought back to its original condition, by the use of a tempering fluid invented by a French lock smith. His bath is prepared by adding two pounds of hydrochloric acid, 500 grains of nitric acid, (specific gravity 1,334,) 325 grains of sulphate of zinc and about three ounces of tripoli to about four gallons of water. A piece of cast iron weighing about three ounces is to be placed in this liquid and allowed to remain twenty four hours, when it is ready for use.

Comissarow, who saved the life of the Emperor by turning aside the arm of an assassin, has hanged himself in his hotel, at the age of thirty five. A mere journeyman hatter, he owed to the chance which placed him in the path of the Czar his elevation, at one stroke to the highest pinnacle of fortune. His plebeian name was replaced by that of Kostromski; the Emperor's munificence gave him a landed estate. He was named Colonel of a regiment of the Guard, and the Emperor authorized the opening for him of a national subscription, which produced nearly 2,000,000 francs. In spite of this abundance of honor and riches he has committed suicide. The abuse of spirituous liquors has been considered the cause of this lamentable end.

TELEGRAPHIC.

LAST NIGHT'S DISPATCHES.

WASHINGTON.

WASHINGTON, July 28.—Cubans here have official advices to the 20th. Quesada has destroyed two important bridges on the Nuevitas and Puerto Principe railroad and holds the country between the two cities, which are closely invested. The garrisons are suffering from disease and short supplies. Several sorties have been made from Nuevitas, which were driven back with serious loss.

Quesada has a number of Spanish prisoners which he holds as hostages to insure the proper treatment of the Cuban prisoners. The Cubans hold several positions on the coast, giving them direct communication with the United States. The fight at Remedios resulted in the loss of one hundred and fifty Spaniards killed, wounded and prisoners. The fight at Sagua La Grande lasted several hours. The Spaniards finally drew off with a loss of three hundred. The Cuban leaders have no doubt of their ability to maintain themselves against the forces now in the field against them. A vessel with a large amount of arms and ammunition and a battery and three hundred and sixty men landed near Nuevitas, and the expedition has safely reached Quesada.

Revenue to-day nearly a million.

It is stated that Senator Morton will introduce a universal amnesty bill immediately upon the ratification of the 15th amendment.

KENTUCKY.

LOUISVILLE, July 28.—At the railroad accident mentioned in the noon's dispatches, the entire train and contents except the New Orleans sleeping car were burned and that was badly damaged. The casualties are: killed, Eugene Riley, engineer; Charles Childs, fireman, and Hugh McCall, a passenger from New Orleans. Badly wounded, Mrs. H McCall, of New Orleans; Joseph Neub, of New Orleans; H B Mitchell of New Orleans; John Burt Columbus, Miss; Judge Cankins and wife, New Orleans; J Jay Buck, Clarksville; Seth Henderson, colored, Memphis; C H Sage, Fulton, N. Y; C A Brown, baggage master; John C Duggan, E press Messenger. Slightly wounded, Wm. THE SUEZ CANAL.

One of the greatest events of this or any age will be the opening of the Suez canal, which will occur in October. It is now over twenty years since De Lesseps the great French Engineer, and cousin to the Empress, first conceived the idea of cutting this canal, after watching the train of camels which in those days bore the merchandise of the East from the red sea to the Mediterranean. By his persistent efforts he had soon organized a company in Paris, with a capital of $50,000,000, and within two years from entering on his project, he had the work under way. He secured from the Viceroy of Egypt the services of some 20,000 serfs, who have for small pay imperilled their lives in the burning sand of the Isthmus, and in its deathly miasama, until the work is now almost completed. It is to be from 96 to 147 feet wide, 26 feet deep, and 98 miles long, and will pass the largest ship ever built. It will cost when finished about $80,000,000. The Company are to have the revenues for ninety nine years, by paying to the Viceroy of Egypt 15 per cent. of them. At the end of that time the canal will go into the possession of the Egyptian government. The opening celebration in October, is expected to be an occasion of gorgeous festivities, most of the crowned heads of the old world participating in it.

GOTTEN UP.—The engine Guilford has at last been raised from its watery bed beneath the Seaboard bridge. After several days of hard labor she has been placed upon the pontoons in waiting, and is now ready to be hauled up to the Seaboard track. We understand that her general machinery is not materially injured.—*Roanoke News.*

"Fresh as a Maiden's Blush" is the pure peachy Complexion which follows the use of Hagan's Magnolia Balm. It is the True Secret of Beauty. Fashionable Ladies in Society understand this.

The Magnolia Balm changes the rustic Country Girl into a City Belle more rapidly than any other one thing.

Redness, Sunburn, Tan, Freckles, Blotches and all effects of the Summer Sun disappear where it is used, and a genial, cultivated, fresh expression is obtained which rivals the Bloom of Youth. Beauty is possible to all who will invest 75 cents at any respectable store and insist on getting the Magnolia Balm.

ÆTNA

LIFE INSURANCE COMPANY,

JANUARY 1ST., 1869.

Assets $10,462,531,75.

Amount of Income 6,227,071.

SURPLUS OVER LIABILITIES 2,675,999,48.

THE Ætna is the LEADING LIFE INSURANCE COMPANY in North Carolina.

Largest amount of Losses to Widows and Orphans!

The Largest Revenue to the States. And has by far the largest number when compared with 58 Companies reported officially by the Commissioners of New York and Massachusetts it will be seen that the Ætna ranks as one of the first Companies of the Continent. But two of the fifty-eight Companies permitted to do business in New York and Massachusetts had so large an income for the year 1868; but two had so large a number of Policies in force, but one among all those incorporated under the laws of the State of New York had so small a per centage of Expense to Income during the year 1868.

Its expenses are lower than most Companies', and consequently its ability to make and pay liberal dividends to the insured is greater than that of most other Companies. It is one of the great Companies of the land in Income, in Assets, in Number of Policies, in Amount Insured, in Solidity and Strength, in Soundness, Cheapness, Promptness, and Success. Persons contemplating this mode of investment in the future as in the past would do well to examine the claims of all and take a policy accordingly.

SPARKLING CATAWBA SPRINGS,

CATAWBA COUNTY, N. C.

THIS CELEBRATED WATERING PLACE, formerly called the North Carolina White Sulphur Springs, will be open for visitors on Tuesday, the first day of June next.

Being situated in the northwestern part of the State in a country remarkable for its beauty and healthfulness—these, together with the virtue of the waters, make it one of the most desirable watering places to be found.

The MINERAL WATERS of these Springs are the White and Blue Sulphur and Chalybeate or Iron, and they possess all the finest qualities of these waters, and are sovereign remedies for all diseases of the liver, bowels, stomach and kidneys, eruptions of the skin, scrofula, weakness, debility, dyspepsia, rheumatism, &c.

The proprietor having spent a large amount in additional buildings and improvements generally, these Springs are now in a fine condition, rooms large and pleasant, and good cottages containing from two to six rooms each, well arranged for either large or small families.

Good TEN PIN ALLEYS, BILLIARD TABLES and other amusements.

FINE BATH HOUSES for Cool, Plunge or Shower Bath, Sulphur Bath, Hot or Cold.

A GOOD BAND OF MUSIC

Will be at the Springs the entire season, and a good Physician permanently located for the benefit of invalids, who will have every attention.

Having secured the services of Mr. J. N. CANTER, of Virginia, who has had much experience and stands high as a Hotel keeper, visitors may rest assured that my table will be supplied with the best the market can afford, and everything done that will add to their pleasure and comfort.

The cars on the Western North Carolina Rail Road will leave Salisbury for Hickory Station, the Springs' depot, every morning, (Sundays excepted,) in connection with the North Carolina Railroad, avoiding stoppage or delay at Salisbury, and arrive at Hickory Station in time for breakfast, where good hacks will be in readiness to take passengers over a beautiful, well-shaded road to the Springs—a distance of six miles.

As an inducement for families and parties to spend two months or more, I have concluded to put board down at the following low rates:

BOARD:

For one single month,	$50 00
For two or more months, $40 per month, or at that rate.	
Per week,	15 00
Per day,	2 50

Ayer's Sarsaparilla,

FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are of a truly marvellous character. Inveterate cases of scrofula, where the system seemed utterly given up to corruption, have yielded to this compound of anti-strumous virtues. Disorders of a scrofulous type, and affections which are merely aggravated by the presence of scrofulous matter, have been radically cured in such numerous instances, in every settlement in the country, that the public do not need to be informed here that it is in most cases a specific and absolute remedy.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. At times, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver. These facts make the occasional use of the *Sarsaparilla* as a preventive, advisable.

It is a mistake to suppose that so long as no eruptions or humors appear, there must be no scrofulous taint. These forms of derangement may never occur, and yet the vital forces of the body be so reduced by its subtle agency, as materially to impair the health and shorten the duration of life. It is a common error, also, that scrofula is strictly hereditary. It does, indeed, descend from parent to child, but is also engendered in persons born of pure blood. Low living, indigestion, foul air, licentious habits, uncleanliness, and the depressing vices generally, produce it. Weakly constitutions, where not fortified by the most constant and judicious care, are peculiarly liable to it. Yet the robust, also, whose lucisel blood swells the veins with an apparently exuberant vitality, are often contaminated, and on the road to its consequences. Indeed, no class or condition can depend on immunity from it, nor feel insensible to the importance of an effectual remedy.

In *St. Anthony's Fire, Rose or Erysipelas, for Tetter, Salt Rheum, Scald Head, Ringworms, Sore Ears and Eyes,* and other eruptive or visible forms of the diseases caused primarily by the scrofulous infection, the *Sarsaparilla* is so efficient as to be indispensable. And in the more concealed forms, as in *Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia,* and other affections of the muscular and nervous systems, the *Sarsaparil

LIGHT BEYOND.

Beyond the stars that shine in golden glory,
Beyond the calm, sweet moon,
Up the bright ladder saints have trod before thee,
Soul! thou shalt venture soon
Secure with Him who sees thy heart sick yearning,
Safe in His arms of love,
Thou shalt exchange the midnight for the morning;
And say fair home above.

O! it is sweet to watch the world's night wearing,
The Sabbath morn come on—
And sweet it were the vineyard labor sharing—
Sweeter the labor done.
All finished! all the conflict and the sorrow,
Earth's dream of anguish o'er;
Deathless there dawns for thee a nightless morrow,
On Eden's blissful shore.

Patience! then, patience! soon the pang of dying
Shall all forgotten be,
And thou, through rolling spheres rejoicing, flying
Beyond the waveless sea
Shall know hereafter where thy Lord doth lead thee,
His darkest dealings trace;
And by those fountains where His love will feed thee,
Behold Him face to face!

The Age of Progress.

We publish to-day, the first scheme in the sale of Real and Personal Estate of a Company chartered by the last Legislature, with a capital of one hundred and thirty thousand dollars, and with power to increase that amount to five hundred thousand dollars. An examination of the charter satisfies us that the Company is pursuing a legitimate business; they are empowered to "dispose of Real and Personal Estate in *any mode or form* they may deem best," and "all laws, or clauses of laws, coming in conflict with said charter are hereby repealed." This is plain and unmistakable English, and we have no doubt the transactions of the Company will prove beneficial to the property holders of North Carolina. For example: Mr. A. owns a piece of real estate which he wishes to dispose of. He throws it upon the market, and fails to get a bid that would warrant him in making a deed. He then places it in the hands of the North Carolina Real and Personal Estate Agency, at a fair valuation, and the property is sold by chance—the owner gets his price—the Company a fair and reasonable compensation for selling—and some poor man, *for two dollars* comes in possession of a homestead, which, under any other circumstances, he would not have owned.

In fact, we do not view the Company as a Lottery—it is what it purports to be, a simple Agency for the sale of property, for its true value, which, otherwise would be sacrificed.

We refer our readers to the advertisement—the splendid real estate offered, and the other rich prizes, amounting in all to THREE THOUSAND AND ONE—and the reader will perceive, by the simple rule of division, that there is one prize to every twenty-four tickets.

The General Agent of the Company has given us a call, and assures us, that the success of the Company is no longer a problem. In thirty-five counties through which he has just traveled, he represents the people as being enthusiastic in favor of it—both as to investing, and the placing of property in the hands of the Company for sale. He represents that already, before the first grand drawing has taken place, applications to sell, amounting to half a million dollars, are on file in the Secretary's office.

We learn from the Raleigh papers, that the exhibition drawing which took place in the city of Raleigh, on Saturday last, passed off to the decided satisfaction of a large audience assembled in Tucker Hall to witness it.—*Wil. Post.*

One three cent stamp must accompany every order. All tickets will have the seal of the Company and signature of the Secretary.

☞ We refer to any Merchant, Banker or other gentleman of standing in the city of Raleigh. For further description and particulars, address
JOHN SKINNER,
June 3-tf Secretary.
